FOUNDED IN 1911, Behrens is committed to creating quality metalware using the best materials, craftsmanship and design. Now, the most hardworking brand you have ever heard of, our Metalware Classics and Home Industrials bring you value, multi-purpose, sustainable products with a promise to function exceptionally well and possibly last a lifetime. You can trust Behrens, as our skills have been honed with over 100 years of practice.

Where to buy

Behrens products are available to sell throughout the U.S. and Canada. For more information regarding our brand, products or to learn about how a retailer can carry our products, contact customer service

(507) 454-4664 or customerservice@behrensmfg.com

CLEANING AND ORGANIZING

We're serious about products with a sensible approach to getting organized, cleaning up, and getting living. Simple but chic ways to get and keep things the way you like them, so you can enjoy your people, your life, your home. Cleaning never looked so good.

GARDENING

The best things in life are functional, versatile, and green. Our classic, galvanized rustic pieces are simple, but stylish and compliment all environments they're placed in. Let's grow your green thumb into a green lifestyle.

COMPOSTING

While on your ecofriendly journey, there's always a continuous longing to minimize your environmental footprint. Our composters store food scraps in style while making a positive change and reducing landfill waste. When it comes to sustainable living, go for the garden gold.

REDUCE WASTE.
